The temperance rally at the Christian church Sunday night was well attended and the addresses by Messrs. P. M. McRoberts and W. H. Shanks were able and well received.

As Dr. Morris Bryant, of Louisville, was passing the Presbyterian Theological Seminary, a child fell from the window above him and would have been dashed to death had not the doctor caught her in his arms.

Each Thursday afternoon we will be at home to receive visitors. Business and religious calls received at all hours. Mrs. J. J. Dickey.

## Forced Into Exile.

Wm. Upchurch of Glen Oak, Okla., was an exile from home Mountain air, he thought, would cure a frightful lung-racking cough that had defied all remedies for two years. After six months he returned, death dogging his steps. "Then I began to use Dr. King's New Discovery," he writes, "and after taking six bottles I am as well as ever." It saves thousands yearly from desperate lung diseases. Infalible for Coughs and Colds, it dispels Hoarseness and Sore Throat. Cures Grip, Bronchitis, Hemorrhages, Asthma, Croup, Whooping Cough, etc. and \$1. trial bottle free, guaranteed by Penny's Drug Store.

## IN NEIGHBORING COUNTIES.

E. C. Gaines bought from Frazier Hurt the Dillon property on Water street, for \$1,550. J. I. Hamilton sold 125 acres of the Taylor Rainey place, at \$75, per acre, and 135 acres at \$65, per acre. — Lancaster Record.

The "dry" was victorious in the local option election in DeKalb county, Ind., by an estimated majority of 1,200. With four townships unreported the dry majority is 1,000 and the four remaining townships have been counted as dry territory. There are no saloons in the county as they were ousted by the remonstrance law.

"But is it a proper story for a young girl to read?"  
"Absolutely, madam. The hero never sees the heroine except in the presence of a chaperon."

The New York judges who get \$17,500 want their salaries raised \$4,000 a year. A man never is, but always to be blessed. Our circuit judges get \$3,000 and would be mighty well satisfied to have it raised to \$5,000.

SENATOR R. L. HUBBLE.

The above is a fair likeness of Senator-elect R. L. Hubble, who at the late election, ran and won a most remarkable victory in this district. In 1908, this Senatorial district gave a republican majority of 720, and on Nov. 2, 1909, with political and local conditions mixed, the gentleman above reversed the large majority and carried the district by 338 in one of the hardest fought campaigns in the history of the State.

The farming element of our population constitutes the basis and the support of society and government. It is, in fact, the source of all wealth, for we can not conceive of any character of property that did not come, directly or indirectly, from the earth, either as an agricultural, a timber or a mineral product. In the rural districts the farmer bears the burden of taxation and in every successful farmer there is found a high degree of intelligence and a keen sense of right and justice. In view of these facts is a growing sentiment in favor of giving this large class more frequent representation in the halls of legislation. Senator Hubble, who belongs to and is a prominent representative of that class, has won the affections of that great body of people as well as all others, in dealing with his fellow-man.

He was born Jan. 16, 1862, in a little home down in Pulaski county, a poor, humble boy; by thrift, energy and perseverance, he has grown to be one of the largest land owners in this and Boyle counties and has accumulated a snug sum of this world's goods. His wife was Miss Sallie Logan, a refined and cultured lady, belonging to one of the best families in the county, one son and one daughter being born to bless their home.

His fidelity to the democratic party has been frequently manifested by the part he has taken in many heated campaigns by contributing funds and aiding in organizing the party and bringing out the vote. He was a member of the county committee for several years, county election commissioner and no man did more for the success of the party than he. In fact to him is due a great deal of the credit for keeping Lincoln county out of the slough of republicanism. This cursory sketch of Robert Lee Hubble's public and private life shows that he is worthy and capable and that the people have made no mistake in rewarding a faithful public servant.

Howard Little, charged with the sextuple murder of Mrs. Betty Justice, George Meadows, his wife and three members of his family, was found guilty of murder in the first degree at Grundy, Va., by the jury, which had been out all night. He was sentenced to be electrocuted in Richmond Jan. 7. The murder occurred at Hurley, Va., and the bodies were burned.

## The Interior Journal.

E. C. WALTON

"WHEN Senators Cummins, La Follette, Bristow and their so-called 'progressive' following join hands with Mr. Bryan in making war upon the Republican members of Congress who passed the tariff bill, and upon the President who signed it, I know of but one way to treat them, and that is to fight them just as we fight Mr. Bryan and his following." Such was the declaration of Joseph G. Cannon, who delivered the principal address before the Knife and Fork Club here. Mr. Cannon said Senator Cummins alone had read himself out of the Republican party. He defended the rules of the House, saying they "will remain substantially as they have been and are so long as there is a Congress." "Ever since history began," said the speaker, "the man in the minority has been seeking some device by which he could overcome the will of the majority."

"I AM for Judge M. C. Sautley, of Stanford, for governor over any man in Kentucky," said a prominent Boyle county democrat to us the other day. "We need just such a man for our chief executive and I sincerely hope he will consent to make the race. Judge O'Rear will more than likely be the republican nominee for the office and we need a man who can meet him on the stump and elsewhere. Judge Sautley is the man to pit against him. His record as a democrat is spotless, he is a fine campaigner and is in every way qualified for the office. He will unite the factions as no other man can. The old democrats are for him, the middle aged ones are anxious to see him governor and the youngsters would love to vote for the gallant old Confederate for the high office," he added.

MR. BRYAN is getting ready to spring another of his policies on the country judging by a recent article in the Commoner under the head of "Personal Liberty," in which he inveighs strongly against the saloon which he claims is on a par with the trothel and deserving as little consideration. If Mr. Bryan does intend to make prohibition a principle of Democracy there is going to be a hot old time between him and Editor Watterson, who says a Democrat can not be a prohibitionist. For ourselves we will contend that the sale or prohibition of liquor is a moral question and a democrat can either advocate the one or the other and still be a democrat.

THE question whether a Japanese is a white man within the meaning of the Federal statute upon naturalization, was vigorously debated in the United States court of appeals at Richmond, Va., last week. Nanyo Besabo, former enlisted man and steward in the United States Navy, is an applicant for American citizenship, and the district attorney maintains that he is barred by the law which gives the right of citizenship to "all white persons and all those of African descent who are of good moral character." The judge reserved his decision for a few days.

IF President Taft could induce that bad hunter of his to transfer his gunning operations from Africa to Nicaragua it would not be necessary to send troops to the seat of war. Teddy is so very bad that he is almost afraid of himself, and would have only to growl once or twice, show his teeth and President Zelaya would undoubtedly surrender. It will be remembered that Theodore shot a Spaniard in the back during our little spat with Spain and since then has added further laurels to his noble brow by killing several lions—while they slept.

A FATALITY seems to hang over the New Haven section of Nelson county. Three people were killed within a radius of five miles in one day last week. Eleven-year-old Frank Howell was accidentally shot and killed while hunting; Jack Brewer was hurled against a revolving saw and cut to pieces and John Keith was caught in the machinery of the Buffalo Roller Mills and instantly killed.

THE Democrats have lost two Congressmen by death within a week. DeArmond of Missouri and Allen of Michigan, and they haven't them to spare either. The reason perhaps that so few Republican Congressmen die is that death loves a shining mark and they do not furnish it.

THE Denver Mint, which was shut down last July because of a surplus of all denominations of gold coins, will open the first of the year with between \$18,000,000 and \$20,000,000 in gold bullion on hand, which will be immediately coined into money of small denominations.

A DES MOINES, IA., boy hung himself because his parents would not allow him to attend a foot ball game. This should be a warning to those parents who deny their children some of the good things of life.

AMONG the things on the table at the White House Thanksgiving day was a 50-pound mince pie, an immense turkey and a 26-pound possum. Surely Mr. Taft had something to be thankful for.

FIVE train robbers were sent up for life in Nebraska this week. Dime novels, doubtless, gave them the cue for the job, but the end of the gimlet is not as glorious as the heroes of that debasing literature. There is a wide difference sometimes between fiction and fact in such cases made and provided.

SINNERS alone are invited to a meeting which began at the First Methodist church in Lexington Sunday. Church members will be welcomed but sinners are especially wanted.

HON. J. A. SULLIVAN, of Madison, who was appointed by the governor to serve as a member of the Redistricting Committee, very promptly declined the appointment.

BEDFORD IND., is entitled to the blue ribbon. A youth of 15 and a girl of 14 were united in wedlock's holy bonds there with the consent of their parents.

### Forewarned And Forearmed.

The Democrats of Kentucky had just as well make up their minds that they are up against this proposition: The Republicans are going to nominate Appellate Judge E. C. O'Rear for governor on a platform constructed to catch the temperance vote. The judge is an avowed temperance advocate and can consistently stand on such a platform. Besides, Judge O'Rear is a very popular man and by his advocacy of the tobacco growers' cause he has made many friends among that class of voters. The people of the State generally know that he is a man of force and ability. Notwithstanding the recent political upheaval it is going to take a mighty good and clean Democrat to beat him, and the party must not make the mistake that any sort of a nomination is equivalent to election. We have got to put our best foot foremost and in order to win we must select such a man as with whom we shall deserve to win.

The editor of The Gazette has no candidate for Governor and no axe to grind. Figuratively, he sits on the watch tower, and, taking notes of events and the trend of sentiment, and having nothing but the good of the party at heart and wanting nothing and expecting nothing, he simply desires to issue warning in time that the temperance element of the Democratic party has got to be reckoned with as well as the large and growing independent vote. It is the sheerest nonsense to assert that a Democrat cannot be a prohibitionist. He can be for or against the sale of liquor and still be a democrat. Even with the military administration of Governor Willson to hold up to the horror of the voter and the recklessness that has characterized the Republican mismanagement of public affairs generally, the Democrats will have no walkover for the succession unless they select as a standard bearer a man of known integrity and capacity, one whom the people believe will give a fair, just and economical management of the State's affairs.

The writer is a bred in the bone Democrat who has become more and more in love with the principles of the party the more he has studied them. His only desire is for Democratic success, and while he will vote for and support any nominee upon whom the wisdom of the party in convention assembled unites, there are growing thousands of voters who will not care so much for regularity if the nominee does not fill in a large measure their idea of what he should be.

The time is past when a Democratic nomination in Kentucky means an election, though it is naturally a Democratic State. In order to win we will have to put up our best men, those of irreproachable character and unquestioned integrity or we will suffer humiliating defeat again. Forewarned is forearmed.—Lexington Gazette.

### POLITICAL.

Capt. Edward P. Allen, Democratic Congressman from the Second Michigan district from 1886 to 1890, died suddenly of apoplexy at Ypsilanti, Michigan.

It is now believed that the fire which caused the death of Congressman DeArmond, of Missouri, and his grandson, started in the attic of the DeArmond home and was caused by defective electric wiring.

In an automobile accident near Bowling Green, Judge B. W. Bradburn, a prominent attorney, had his right leg broken and W. J. Ragland had three ribs broken. Circuit Judge John M. Galloway and Attorney John Basham were in the machine, but escaped unharmed.

Chief Justice Mills, of the New Mexican supreme court, was tendered the office of governor of New Mexico by President Taft and accepted. Judge Mills was appointed chief justice in 1893 by President McKinley and has served continuously since. He was graduated from Yale in 1877.

MRS. AGNES HERRIN gave the jail birds a good dinner Thanksgiving. It consisted of chicken pie, potato salad, cream potatoes, corn bread, biscuits, cranberry sauce, fruit cake, jam roll, coffee, tea, etc. It was Mrs. Herrin's last Thanksgiving to feed the prisoners and she gave them a meal that they will not soon forget.  
The appearance of Mary J. Holmes' delightful novel, "Tempest and Sunshine," dramatized by Lem B. Parker, is an event that should be looked forward to with interest by our theatre goers. The scenery is beautiful, every thing used in the representation being carried by the company. The costumes are quaint and pretty, the gowns being of airy summery stuffs, made in the fashion of 1850, which is the period of the play. Beautiful Southern melodies are introduced throughout the play with great effect. The story is both strong and interesting, and is relieved with much comedy, which is contributed by the darkey servants as a special entertainment for their masters and mistresses, who are of the Southern aristocracy. Tempest and Sunshine is one of the big successes of recent years and no one who enjoys a first-class play presented in a first class manner, should fail to see "Tempest and Sunshine" to be seen at Walton's Opera House on next Saturday night, Dec. 4.

There are many who believe that a newspaper should publish minor personal matters and difficulties in which the public is not interested. This would bring a paper in bad repute, and should do so, because the publication would not benefit the community and good people related to offenders, and in no way guilty, would be classed with the guilty, and improperly so. It is only the province of a paper to take up cases notoriously against public interest and such as are tried out in the courts.—Lancaster Record.

## Kills Her Foe of 20 Years.

"The most merciless enemy I had for 20 years," declares Mrs. James Duncan, of Haynesville, Me., "was Dyspepsia. I suffered intensely after eating or drinking and could scarcely sleep. After many remedies had failed and several doctors gave me up, I tried Electric Bitters, which cured me completely. Now I can eat anything. I am 70 years old and am overjoyed to get my health and strength back again." For Indigestion, Loss of Appetite, Kidney Trouble, Lame Back, Female Complaints, it's unequalled. ## Weak Women

To weak and ailing women, there is at least one way to help. But with that way, two treatments, must be combined. One is local, one is constitutional, but both are important, both essential. Dr. Shoop's Night Cure is the Local.  
Dr. Shoop's Restorative, the Constitutional.  
The former—Dr. Shoop's Night Cure—is a topical mucous membrane suppository remedy, while Dr. Shoop's Restorative is wholly an internal treatment. The Restorative reaches throughout the entire system, seeking the repair of all nerve, all tissue, and all blood ailments.  
The "Night Cure", as its name implies, does its work while you sleep. It soothes sore and inflamed mucous surfaces, heals local weaknesses and discharges, while the Restorative, causes nervous excitement, gives renewed vigor and ambition, builds up wasted tissues, bringing about renewed strength, vigor, and energy. Take Dr. Shoop's Restorative—Tablets or Liquid—a general tonic to the system. For positive local help, use as well
